

PREPAREDNESS AND RESPONSE CAPABILITIES OF PLACES OF WORSHIP AND RELIGIOUS MASS GATHERINGS

SPiRiT aims to enhance the preparedness and response capabilities of places of worship and religious mass gatherings in a cross-functional and multilevel setting by presenting the relevant stakeholders with modern tools and security-by-design concepts in a holistic, yet cohesive approach.

Reporting

Tools for early warning and enhanced situational awareness.

Communication

Awareness raising campaign and dissemination emissaries designed to engage key audience and support DG Home's communication initiatives.

Engagement

Interreligious local security committees.

Assessment/Action

Threat taxonomies, enhanced vulnerability assessments, impact simulation, Crime Prevention Through Environmental Design-CPTED protection measures evaluation.

Training

I.e. a three-fold training programme designed to enhance familiarity with technological tools, legal and ethical considerations in security and the alignment of tactical responses.
